# Point of *View*

Everyone has his or her own perspective on school, life, love, and work. As we live each day, we see life in our own way, but how does someone else live in the same situation? Some of the students at Mississippi Delta Community College live in the dorm with a scholarship for participating in athletics or performing arts. Other students work full-time, come to night classes, and take care of a family at home. A common thread that binds all students together is the motivation to better their lives with a college education. As we glance at the years behind us, and set eyes on the year ahead, we can see everyone's Point of View!

The College Center of Learning is the newest attraction in the year 2004. The purpose of the Learning Center is to provide free tutoring for all students at MDCC and increase academic success. The organization is equipped with a dedicated full-time staff and a team of advanced peer tutors. The Center's top priority is to enhance achievement and provide a friendly atmosphere for struggling students. Staff members include Cassandra T. Atley (Director), Amy O'Bryant (Administrative Support), Frances Williams (Math), Tracy Craddock (English), and Dr. Zane Hodge (English).

Dr. and Mrs. Bailey gather with members of various activities for tailgating, one of the college's favorite pastimes.

During football season, many girls aspire to be homecoming queen. Flyers in the cafeteria encourage students to cast a vote for their favorite candidate. How many posters for Anna McCoy can you count?

The Delta Dancers concentrate on new dance moves for the future performances on the field and on the stage.

Taking a break from class to chat with friends is a must during the busy school day.

## What's your best memory since coming to MDCC?

Definitely being selected as MDCC's 2004 Homecoming Queen.

# *See us* **shine**

At Mississippi Delta Community College, our features are a big part of campus life. From the Beauty Revue to the Hall of Fame, students are recognized for the achievements and contributions they have made at this school. The elections for Mr. and Miss MDCC, Homecoming Court, and the Homecoming Queen are determined entirely by the student body, while judges select the winners of the Beauty Revue. The Hall of Fame inductees must be nominated by a teacher and recognized as outstanding students involved in many clubs or organizations, and maintain a very high GPA.

# *Look* what we're into

Extra-curricular activities at MDCC are numerous, and students can easily find at least one area that will be of interest. Many of the groups offer full scholarships and a chance to perform and develop talents. Others groups are formed to enhance a student's major academic focus. Some organizations are nationally affiliated clubs and honor societies. Members of these groups may be selected on the basis of their scholastic achievement. Students who choose to participate in extra-curricular activities contribute much to MDCC. They represent our college and help to promote the MDCC image. At the same time, they receive a variety of benefits themselves.

# Pursuing our *Vision*

Perhaps the area in which we at Mississippi Delta take the most pride is our academics. Thorough, in-depth subjects are taught by skillful instructors who honestly care about their students and encourage them to be successful in all of their studies. From the general courses taught, MDCC students prepare to continue their education at four-year universities. Some students choose from a wide array of specialty programs, such as Radiology, Nursing, Dental Hygiene, and Laboratory Technology. Through the Vocational Technology program, courses on Mechanics, Construction and Agriculture are also accessible. Because of the variety of programs and courses available at MDCC, each student is given the chance for a brighter tomorrow.

# Law Enforcement Training Academy

The Law Enforcement Training Academy conducts three ten-week sessions for officers who come from counties and municipalities across the state. Cadets participate in demanding physical training as well as a variety of other classes including gun safety, CPR, basic criminal law, and functional Spanish. Those cadets who endure the physical and mental challenges of the Training Academy graduate in a ceremony in J.T. Hall Coliseum. After graduation, the officers return to their communities as more efficient and safety-conscious officers. Director of the Academy is Amy Spencer.

## What keeps you busy at MDCC?

Everybody has a class in Tanner Hall

## From our *Perspective*

For most students, the day begins early. Many commute to school and drive 30 minutes to get to that 8 O'Clock class. Others who live in the dorm can wait a little later to begin their day. Students are engaged in classes for most of the morning, but between classes there is always time to chat with friends or to grab a quick snack in the Student Union. After classes many students participate in extra-curricular activities or hold part-time jobs. Students at MDCC enjoy the small campus and the opportunity to know the students in their classes as well as their teachers. The years at MDCC pass quickly and students take satisfaction in having met the challenge of education. In addition, they treasure the friendships and memories to last a lifetime.

# PRACTICES

Practice makes perfect and no one knows this better than our Trojan groups here at MDCC. The Ambassadors and the dance team spend countless afternoons perfecting their vocals and dance moves, while the football team gets loosened up for the big game. Plenty of extra practice goes on with our basketball, baseball, softball, and soccer teams as well. And where would our good old Trojan spirit be without our cheerleaders and band?

# SPIRIT WEEK PET RALLY

The Trojan Marching Band stirs up the crowd with some lively tunes.

Two maids and their escorts wait for their cue to walk out onto the floor.

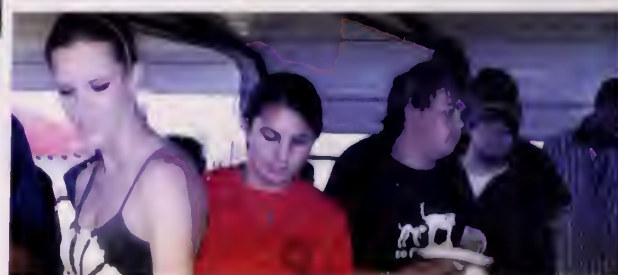

Spirit Week 2004 was an exciting time of games, activities, food, and fun for all students and faculty at Mississippi Delta. However, the pinnacle of all the festivities was the homecoming pep rally. The coliseum was decorated with red, white, and blue balloons, and American flags to celebrate our Patriotic Homecoming. A crowd of students gathered to fire up the football team for victory, and many of the campus performance groups displayed their talents. The homecoming court was presented, followed by the crowning of the Mississippi Delta 2004 Homecoming Queen, La Quindolyn Evans. La Quindolyn was crowned by the Homecoming Queen of 2003, Quoinsetta Turner and received a dozen red roses from Dr. Bailey.

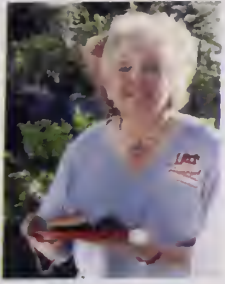

The Trojan Cheerleading Squad performs an energetic dance for the spectators.

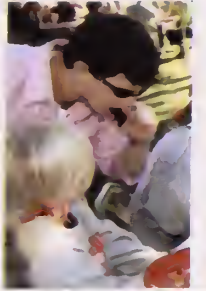

# Homecoming Activities

The week of October 11, 2004 was full of exciting activities for students in correlation with the upcoming homecoming football game. Everyone enjoyed playing a game of laser tag in the student union, or taking a trip down an inflatable slide that was set up outside. Of course, everyone will remember that great dance in the student union!

# CHOW DOWN

Here at MDCC, the cafeteria is not only a place to Chow Down, but also a place to laugh and have fun catching up on the day. That s why it s such an important part of our student life!!!!!!

That s Our Point of View!!!!!!

Ok ... We do have to admit that the main reason that we love the cafeteria is the food. After all, al that studying we do helps us work up an appetite

# WE'RE ALL

# HANGIN' OUT

You can be famous.

Spring Fest is a week long party for the students that usually takes place in the month of April. Many activities occur during the week such as a dance contest (right), a funny faces booth, where students put their faces in place of someone famous, and a faculty-student baseball game (above). The students really enjoy the fun break from school, and especially the huge ice cream party at the end of the week.

Break it down, Boys!

## What do you think is the best part of being a Trojan Athlete?

The way everybody is part of the team and looks out for each other.

Janey Stevens — Softball

You're very popular on campus!

Chad Alexander — Football

You get to know everyone on the team and form close friendships with them.

Matthew Long — Soccer

Cheerleaders are all smiles as they prepare to get the fans ready to show that Trojan spirit!

Jameica Gross is in the air for two points!

## Through the *Eyes* of the athlete

Throughout the years, MDCC has developed an outstanding reputation for athletic superiority. From football to soccer, softball to basketball, Mississippi delta has always strived for excellence in every venue of sports education. This year, as every other, we at Mississippi Delta are proud to call ourselves Trojans. From the strength and finesse of our male and female athletes to the brilliance and cunning of our Trojan coaches, MDCC is set apart in athletic supremacy. The Trojan and Lady Trojan sports teams make us all here glad to call ourselves a part of Mississippi Delta Community College.

"Stay on top of your game, girls!"

## What is the FUNNIEST thing that has happened This year?

One day I saw a dog chasing a woman across campus. I thought that it was a campus dog, but it turned out to be a stray. — Seveda Harris

The guys at the BSU lost a in a competition with the girls, so all the guys had to cook dinner for the girls, then dress up like women and put on a fashion show. It took a whole week for my eyeliner to wear off.

When there was a surprise fire drill in the Girl's Dorm. Most everyone evacuated their rooms, but some stayed in the shower and others slept right through it.

## More than meets the *Eye*

Many of the students attending Mississippi Delta Community College are natives of the Mississippi Delta or call the state of Mississippi their home. In recent years, however, the school has seen students from different states and even different countries enroll at MDCC. All kinds of people from all over come together to form the student body, spanning all ages, ethnicities and backgrounds. Even though the number — as well as the diversity — of students has increased in recent years, MDCC still maintains a down-home atmosphere, which all students may find comfort in, regardless of their cultural backgrounds.

Sleeping or Studying

What was that?

Must be a yearbook deadline!

As the years fall away and we go our separate ways, we can all look back on our days at MDCC. That is why we, the Retrospect staff, are so extremely proud to present to you the 76th edition of our annual, Retrospect 2005. Every member of the yearbook staff has worked tirelessly to give this book to you, often pulling unaccredited hours to meet our deadlines, despite busy schedules, family emergencies and even bomb threats. This year, more than any other, we want to thank Mrs. Mary Ruth Brindley. Without her fervent dedication to this project, we never would have been able to get through!@ We'd also like to thank Mr. Lawrence Kenneth for all of his work, the Library Media Center staff for all their help with our pictures, and Mr. Joe Wilson for the sports photos and all of the help he has provided for us this year. Finally, but most importantly, we'd like to thank God for giving us this crazy year of our life in which we obtained lifelong friends and unforgettable memories. We hope that as you continue down life's road, this collection will always help you to keep the good times of '05 in perfect perspective. Have a great year!
